

OH! GENL McCLELLAN,
The Napoleon of America. Redwood

Dear Ellen

I received your letter of the 27th in due time I suppose you wrote it in same haste as my other one had not been received that told you where you could get your money, well! I have just received your last letter showing that you have got your money excuse me for not asking you to write soon as I thought you would write anyhow I tried to save words you must always answer my letters whether I ask you or not

I will send those pictures (1) you speak of as soon as (2) I can save some from the other boys they want them as fast as I can make them and sometimes a little faster congratulate John for me on the fair If Mary is getting so very sharp you must commence right away to teach her right from wrong and learn her to obey you and then she will obey me when I come back. Kiss her for me and remember my advice every time you kiss her we were in town with our horses and arms on yesterday and went through company manouvers through the streets with "comp" & every body were at their doors looking at us we staid about one hour and then came back one day last see the boys gave each of the Officers

and then they took us all
to the saloon at the lower
end of the camp and gave
us an oyster Supper which
we enjoyed very well I tell
you, we had a turnout
of the whole Regiment
yesterday before our two
Comps. Went to town, I
have no hopes of getting a
pass home yet I will try
as hard as any body else
will to get to come
if I do come I will (3)
hardly know it an hour
before I start we think
we will start to winter
Quarters about Tuesday
you may write to me as
I will get your letter
any how or anywhere
I snowed a little here
today, but not enough to
cover the ground it is
very muddy here only
hott to see dead

(4)
The Picture is of our
bedstead in which 6 of
us can sleep comfortable
give my respects to all
the folks and tell them
that it is pretty near time
for some of them to
write to me I would
like to hear from some
some of them

I wish you would
send me a Pilot put
the blue spar on it
I would like to have
one to read as I can rely
on the news in it
you might let your father
use some of your money
you will get some more
some of these days

Now write soon

Your Loving

Soldier, Husband
