Camp Geo. Duffield West Point Ky.

My Dear Helen -

My dear Helen
from you - I have been
here nearly two weeks &
have not heard a word from
you nor the girls.
I begin to feel very anx-
ious & hear from you.
I want to know whether
Kittie is still with you
or whether she has
gone to the girls - also
whether she is still with you.

was quite a large attendance
of citizens at our divine
service - After service
several ladies visited and
congratulated our very beautiful
young lady present to me
with a beautiful bouquet
which I still have - Tell
Ketter I wish I could send
it to her, she would think
so much of the beautiful roses
& daisies & pinkies contained in
it - If we winter
here I shall try to see you all
before spring - The weather
here now is very fine tho' we
have had some hard snow - Write &
don't to West Point Ky.
Affectionately, *Edw. Boston*
Kiss Ketter *Edw. Boston*

Maggie has entirely recovered
from her boils, & all about
her - I would like to give
you a detailed account of
our journey here & of
what we are doing but
I have no time - I am
hunched up every moment
We are encamped here
at West Point & may stay
here all winter - & may
have to move forward
tomorrow - If the weather
continues mild we shall
undoubtedly move forward
but if winter sets in

before a battle comes
off between the Rebel
forces at Bowling Green
& our forces at Clinton we
shall probably stay here all
winter - We are fortifying
the heights at the mouth
of Salt River - have a
battery connected with
our Regiment & the 37th
Indiana Reg -

Our Field & Staff have
been in with out 6 two
dinner parties - Saturday
one - one Sunday

My sweet darling, Kittie

How much

I do love you - I how much I
would like this very moment to
have you in my lap & your
little arms around my neck &
your little sweet lip up to my mouth.

Oh I can almost feel one of your
precious little Kisses now. When
I think of your dear little Kisses it
makes me feel very sad for
I then think I have no one but
you & little Maggie now & kiss
me & that you are both far
away from me & I can't have
any Kisses at all - although I
did coax a little girl who came
into our camp to kiss me today
It told me I had a beautiful little

of your papa - The weather is
not very cold here, but I have a fire
most every day in my tent - don't you
think you should like to visit papa
& sleep in his little bedroom with him
sometimes I have my bed made up on
the stools - & sometimes on the ground -
but if we stay here long I mean to have
a little rough-bedstead made -

Orlando was in papered this eve-
ning & showed papa letter from your
Aunt Lavinia - She & "Bert" are going
to be married the first of January
New Year's day - He sent a note in
the letter to papa & I will send it to
you - I have not yet found that
white Mule, Kitten but am going
to look out for it - We have some

40 Mules belonging to the Regiment -

Papa has got a real nine horn now - it
is a horn Mr Abbott of Coldwater and Doron
& Mr Lewis sent it to papa just before I left
Detroit so that I have two horns here - but
the one I got last is much the neater horn - I
wish you could see him Kitten - I will write
you Aunt Allen with joy - to papa - Give Papa
Love & Aunties - tell Papa all about your visit
to Aunt Son's - Perhaps I will go & see you
this winter sometime - Be a good little girl &
remember your dear darling Mamma who is in heaven
Love of your Aunties & your Uncle & Papa - from your
father

girl - whose name was Ritter
She thought that was a funny
name for a little girl - We see
lotta girls here most every day
which makes me think of you
I wish you were here with your Papa
I think if you were here I could
sleep so sweetly with you in my
bed on this ground - I have a Mattress
and a Comforter & four blankets
for my bed - I wear drawers
& wraps now & don't take them
off nights - nor my shirt nor
stockings & sometimes I don't take
my pants off but generally do
I have got a new tent now - we
moved over to the west side of Salt
River last Friday & the Cal. & I, each
of us took some new tents - Papa
will try to tell you how our camp is
laid out & I describe his tent to you
& you can see how comfortable it is
